

CURRICULUM VITAE

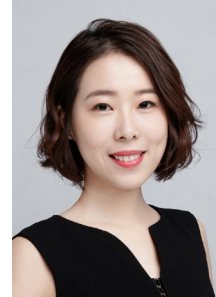

Yinzi Jin

Ph.D., Assistant professor, Research Associate Professor

Address for correspondence: Department of Global Health, School of Public Health, Peking University, 38 Xue Yuan Road, Haidian District, Beijing, China.

Telephone numbers: 86-15001081989

E-mail: yzjin@bjmu.edu.cn

Research Areas

Health Systems; Global Health; Adoption, implementation, sustainment of evidence-based practices in health care quality improvement, and health system strengthening

Education

2013/09 - 2018/07, Peking University China Center for Health Development Studies, Ph.D.

2010/09 - 2012/07, Department of Sociology, Peking University, Bachelor

2008/09 - 2013/07, School of Public Health, Peking University, Bachelor

Work Experience

2020/07 till now, Department of Global Health, School of Public Health, Peking University, Assistant professor, Research Associate Professor

2018/07 - 2020/06, Department of Global Health, School of Public Health, Peking University, Post-doctoral fellow

Teaching Experience

2020/07, Autumn semester, Global Health, graduate students majoring in public health, Course Director

2021/03, Spring semester, International Health Project Management, executive master of public health from low- and middle-income countries, Course Director

Research Projects

1. World Health Organization. China-WHO Biennial Collaborative Projects 2021-2022, China's Engagement in Global Health Governance and Security in Context of COVID-19, 2021/03-2021/12, PI
2. China Medical Board, 2020 Open Competition Research Program on Health Policy and System Sciences, The Impact of COVID-19 Outbreak on Quality of Care for Acute Cardiac Events: Program

- Optimization and Implementation in Response to a Major Public Health Emergency, 2021/01-2023/12, PI
3. National Natural Science Foundation, Modelling on System Delays in Treatment of Acute Myocardial Infarction and Optimization Strategies of System Operational Mechanism, 2020/01-2022/12, PI
 4. Beijing Natural Science Foundation, Modelling on System Delays in Emergency Medical Services and Optimization Strategies of System Operational Mechanism: Case study on Acute Myocardial Infarction, 2020/01-2021/12, PI
 5. Shenzhen Municipal Health Committee, Develop and Optimize Emergency Medical System and Medical Priority Dispatch System, 2019/09-2024/09, Co-PI
 6. Research Grants of Postdoctoral Fellowship, Study on relationship between accessibility of emergency medical services and health outcomes in Chinese typical cities, 2018/09-2020/06, PI
 7. National Natural Science Foundation, Global Health Governance and International Cooperation Mechanism of Major Public Health Emergencies, 2020/04-2021/04, Investigator
 8. Bill & Melinda Gates Foundation, Improve China's participation in Global Health Governance for COVID-19, 2020/09-2021/04, Investigator
 9. Bill & Melinda Gates Foundation, National Health Systems and Policy on Belt and Road countries, 2019/02-2020/08, Investigator
 10. Medtronic Philanthropy, Global Heart Rescue Network, 2015/01-2020/01, Investigator
 11. World Health Organization. China-WHO Biennial Collaborative Projects 2016-2017 "Evaluating Performance of China's Health System", and "Technical Support to the 9th Global Health Promotion Conference", 2016/05-2017/12, Investigator
 12. China UK Global Health Support Program. Research on Health System Strengthening in Global Health in China, 2014/01-2016/12, Investigator
 13. National Health Commission. Health Care Seeking Behaviors for Chinese Population and Health System in China, 2014/10-2016/01, Investigator
 14. World Bank. People-Centered Health Care: Case Study on Chinese Counties, 2014/07-2015/04, Investigator
 15. National Health Commission. Roles and Functions of Primary Healthcare Institutions: Development of Integrated Healthcare Services System, 2013/08-2014/09, Investigator
